

7312 - Rowland Road.

December, 1974.

As the days shorten and winter finally overtakes us, the realization comes that it's time to wish everyone a Merry Christmas and to hope together for a glorious 1975. From the Dents please accept our compliments.

Our lives have altered. Whether or not for the better time will tell. We are all healthy. There is much of what this life offers for which we are thankful. We wish you good health and happiness too.

To those of you who supported us in October, in any way, we proffer our profound thanks. Friendship, loyalty and integrity abounds within you. And the world is much better because so many exhibit those qualities.

So allow us all, at Rowland Road, to pass along our greetings for the Yuletide season and to wish you the best of all worlds in 1975.

Sincerely,

*Ivor, Aileen
& Family*
