

OFFICE OF
THE CITY ENGINEER

EDMONTON
ALBERTA

The City of Edmonton

"THE HEART OF CANADA'S GREAT NORTH WEST"

February 13, 1974

Mr. John Lahola:

The Safety Committee wishes to thank you for your fast thinking and quick action taken when the coupling cracked on the bottom of the Propane Tank.

Your act of getting the tank away from the buildings averted a possible explosion.

Thanks for thinking about Safety and your fellow workers.

Sincerely

JOHN E. SOMERVILLE
CHAIRMAN SAFETY COMMITTEE
