Dear Friend.

We received your most appreciated letter some time ago but didn't answer as harvest is with us and we all are busy now and no time to write, but fear not we'll always write and never forget.

How's the world treating you as mine O.K. as usual.

We've been cutting wheat and thro' with the reaper. Dad had quite a lot of trouble with the old binder so haven't too much grain cut yet. The old binder was of no use anymore so got a new Mc Cormick Deering and sold the old one.

The weather is just fine. Tho' it was cloudy to-day. We have a hired man from Gardenton who's looking for us now. (Bill Jarava)
